- 2 height possible (2 jib extensions provided)
- Crane in 3 elements / very quick installation
- Weight of the set = 24 KG
- Davit carry bag provided
- Bearing mounted 360 degree pivot
- Powder coating on anodising
- 2 stainless steel shackles
- Maximum moment = 725 DaN.m.

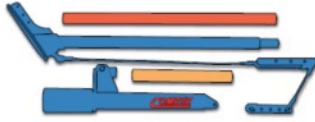

BENEFITS

Removable, efficient and safe lifting solution, the CMU 300 Portable Lifting Davit improves the responsiveness of your teams.

Its aluminium structure guarantees optimal portability and facilitates interventions on hard-to-reach sites. Single man assembly,

8 span-height pairs as standard. Ideal for lifting loads in sewage treatment plants, and in general anywhere where a standard lifting davit cannot be used. Choice of fixed bases available.
