

PAA 250 / 2.0

STEEL LIFTING DAVIT CRANE

dlhonline.co.uk - 0161 223 1990

These removable jib cranes can be used in all industrial fields; lifting of pumps in wastewater treatment plants, installation of tools or heavy loads on machine tools; round ; milling machines; maintenance operation on motor or geared motor indoors or outdoors.

PAA's can be equipped with the lifting device of your choice; manual cable winch or range of manual hoists, electric chain hoists and load handlers.

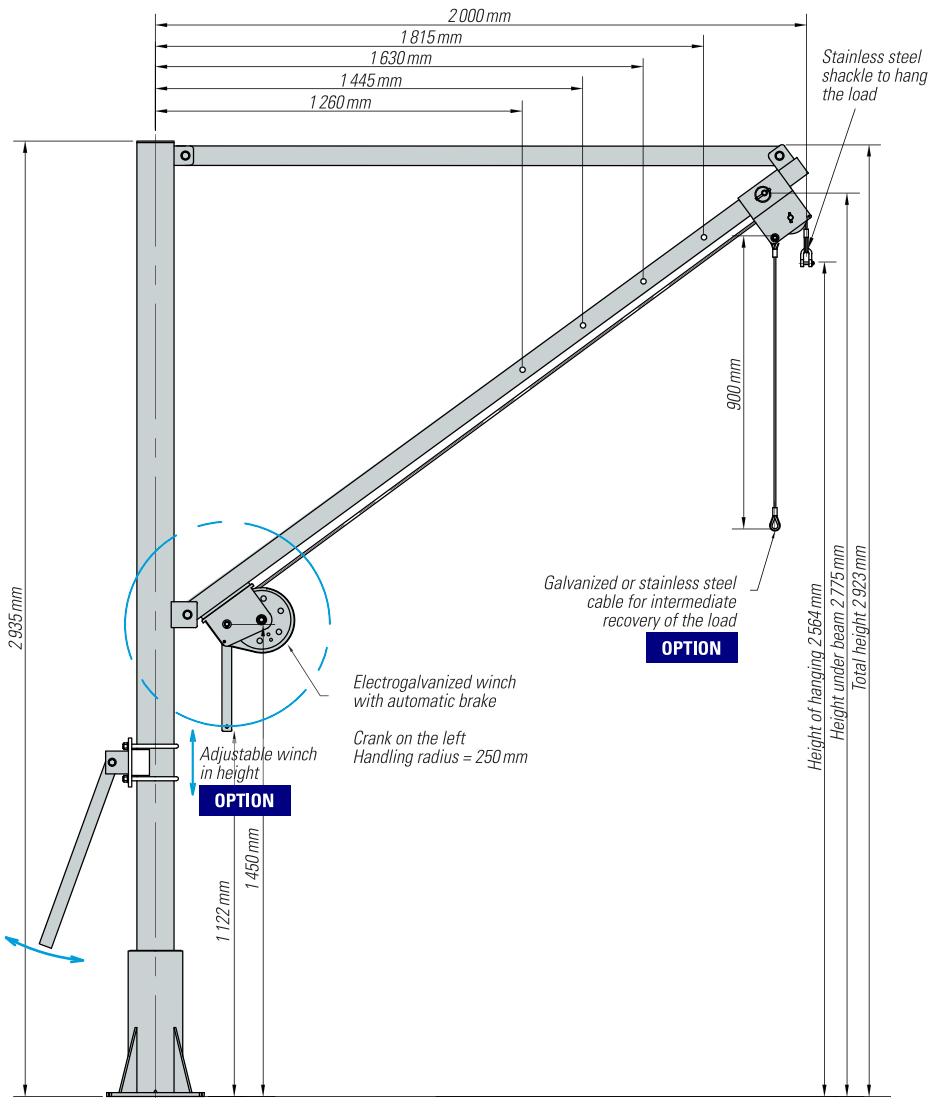

Completely removable, you can transport it from one workstation to another thanks to the installation of ground bases or wall bases previously installed.

STEEL LIFTING DAVIT CRANE

dlhonline.co.uk - 0161 223 1990

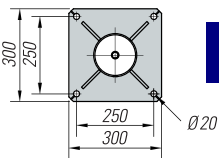

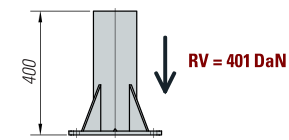

Measure in mm

Span	1 260	1 445	1 630	1 815	2 000
HA	2 020	2 156	2 292	2 428	2 564
HSF	2 232	2 368	2 502	2 640	2 775

Weight in Kg

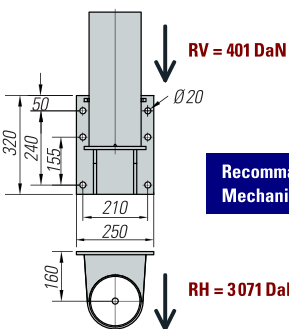

Pillar	25
Deflection	34
Winch	10
Operating arm	7
Chemical socket	18
Wall socket	22

Socket for ground

**Recommended anchor :
Chemical anchor M16**

Socket for wall

**Recommended anchor :
Mechanic anchor Ø 18**

Description

- Galvanised finish / Socket galvanised and painted.
- SWL = 250 DaN.
- Adjustable span from 1260 mm to 2000 mm.
- Height of hooking at the shackle = 2564 mm.
- Standard version with manual winch electro-galvanised
- Galvanised cable length 12 m:
- automatic load brake,
- length per turn of the handle = 39 mm,
- storage capacity = 23m / Ø cable = 4 mm,
- crank force = 72 N.

- Stainless steel pulley mounted on bearing.
- Stainless steel shackle for long load attachment. 12 mm.
- Maximum moment = 737 DaN.m
- Reaction per anchor = 1340 DaN.

Options

- Rotation arm.
- Bolts, winch and operating arms Stainless steel.
- Winch rope in stainless steel.
- Galvanised or stainless steel intermediate sling.

Davit only version without winch with suspension for:

- manual hoist
- electric hoist
- Air balancer
- Tool balancer
